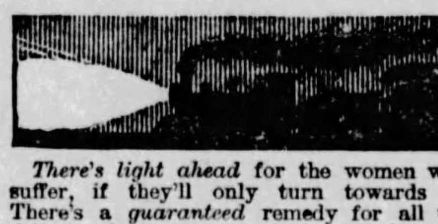
More about Murderer Deeming.



There's light ahead for the women who suffer, if they'll only turn towards it. There's a *guaranteed* remedy for all the delicate derangements, chronic weaknesses, and painful disorders that make women miserable. It's Dr. Pierce's Favorite Prescription—and it makes women healthy and strong.

It's a legitimate medicine that's purely vegetable and perfectly harmless—a powerful general, as well as uterine, tonic and nervine, renewing and invigorating the entire system. It regulates and promotes all the proper functions of womanhood, improves digestion, enriches the blood, dispels aches and pains, brings refreshing sleep, and restores health and strength.

For periodical pains, weak back, bearing-down sensations, nervous prostration, and all "female complaints" and irregularities, "Favorite Prescription" is a positive remedy—the *only* one that's so sure and certain that it can be *guaranteed*. If it doesn't benefit or cure, you have your money back.

IN THE SPRING!

In the vegetable kingdom, the sap or vital fluid rises from the roots to the trunk and branches, producing leaf and flower. So in the human family, the change is as great, for the blood, if not in good condition, must throw off its impurities. In this it is necessary to assist nature, and nothing is so good to

CLEANSE THE BLOOD

as Swift's Specific. It helps nature to relieve the body, and at the same time tone it up.

Mr. RALPH ELKINS lives at Marionsville, Mo., and is a successful farmer. He says that he has been a great sufferer from impurities of the blood, which made his limbs stiff and gave him pain in the lungs, but that he took Swift's Specific and it soon relieved him entirely.

WAKE UP.

If you wake up in the morning with a bitter or bad taste in your mouth, Languor, Dull Headache, Despondency, Constipation, take Simmons Liver Regulator. It corrects the bilious stomach, sweetens the breath and cleanses the furred tongue. Children as well as adults sometimes eat something that does not digest well, producing Sour Stomach, Heartburn, Restlessness, or Sleeplessness—a good dose of Regulator will give relief. So perfectly harmless is this remedy that it can be taken by the youngest infant or the most delicate person without injury, no matter what the condition of the system may be. It can do no harm if it does no good, but its reputation for **40 years** proves it never fails in doing good.

DEEMING WILL DIE

A Verdict Which Seals His Fate.

Charged by the Coroner with Murder

Of the Most Cold-Blooded Nature.

Many of His Victims Still Unknown.

More About the Life of the Man Who Is Just Now Attracting Attention as the Supposed Jack the Ripper.

Melbourne, April 7.—The coroner's jury to-day delivered a verdict of wilful murder against Frederick B. Deeming in the case of the wife, formerly Miss Mather, whom he married at Rain Hill, England, and whom he murdered and buried at Windsor, a suburb of Melbourne, on or about last Christmas day.

Deeming received the verdict with a defiant air. It yet remains for him to be examined before a magistrate and committed for trial. He will then be indicted for the crime, after which trial, conviction and execution are expected to follow speedily.

The police of Sydney have been endeavoring to ascertain what became of a former wife of Deeming, whom he lived with in that city. It was supposed that he murdered her as he had his other wives. The woman, however, proves to be alive. Deeming deserted her, and she, it appears, was not sorry to let him go. He did not buy any cement when he lived with her, or show unusual interest in repairing the fireplace.

DEEMING'S CAREER.

More About the Man Who Murdered His Wives.

London, April 7.—Dinham villa, the building in which Deeming, alias Willaims, perpetrated the murder of his wife and four children, is to be demolished. Mrs. Hayes, the owner, says:

"I could not expect people to again occupy the building. I will, however, build another house near or on the site. The loss to me personally will be very great, but I have decided to bear the first cost rather than the last."

It is not expected, however, the demolition will take place until after Deeming is disposed of.

A dressmaker of London has identified the portrait of Deeming as that of the man, who in the autumn of 1888 was paying attention to her with a view to matrimony. He showed great excitement over the ripper murders, of which several were perpetrated in that year, and left her company a few hours before the murder of Mrs. Chapman, whose body was found in Hanbury street, Whitechapel, on September 8, 1888, she having been murdered the previous night. Several ripper murders occurred about that time in rapid succession, the list of those mysterious crimes having begun in Christmas week of the previous year, 1887, with the killing of an unknown woman near Osborne and Wentworth streets, Whitechapel. If the dressmaker is as correct as she is positive in recollections, Deeming was in London during the autumn of '88, when several of the murders occurred.

On the 7th of August in that year Martha Turner was found dead with 39 stab wounds, on a landing in the Model dwellings known as Geroege Yard buildings, Commercial street, Spitalfields. On August 31, another woman, belonging also to the unfortunate class, and known as Mrs. Nichols, was murdered in Bucks' Row, Whitechapel.

Then on September 7 came the murder with which the dressmaker connects Deeming. Mrs. Chapman was the fourth victim, and her body was found after daylight on the morning of September 8. Her throat had been cut from ear to ear and the body cut open by a dissector. The heart lay on the ground and a portion of the remains had been tied around the neck. Like the other woman she was a dissolute character and lived in a wretched and densely populated part of the city.

There never was any doubt that her murder was committed by the same man who had perpetrated the other three, the victims all having been killed by a knife, in an identical manner. The police, it is well known, were signally unsuccessful in their efforts to detect the criminal.

The dressmaker says that the time Deeming left her company on the evening of September 7 was about an hour before the time at which medical testimony at the inquest indicated that the Chapman was probably murdered. A few days after the crime the man she believes was Deeming disappeared and she never saw him again. The chronology of Deeming's record, so far as ascertained, agrees with the dressmaker's story.

It is as follows: Frederick Bailey Deeming marries Miss Mary James, leaves England for Cape Town—1880.

Deeming joined by his wife (now identified as Mary James), in Sydney—1882.

Deeming received six weeks' imprisonment for theft—1882.

Absconds from Sydney on charge of fraudulent insolvency—1886.

Returns to England (11th August, and to Birkenhead, leaving that place and his wife after the birth of his fourth child, about four months afterward—1889.

Deeming returned from South Africa in the spring of 1890. He had a formidable assortment of knives. Samuel Mercer, of Rain Hill, who was well acquainted with Deeming, says:

"Deeming represented himself to me to be a military man, and said he had 14 scars on him: He went on to talk very glibly as to the engagements and hand-to-hand encounters which he had gone through as inspector in the army.

"He would not call himself a soldier altogether, although he had said he 'had been under fire.' Deeming showed me various weapons, including swords, knives, spears and an assegal which he said had been got from Zululand. He particularly dwelt on a very handsome sword, which was adorned with silver and a band of gold, and which he said he had fought over two hours for. He next showed me a beautiful knife with a sheath made of woven wire, and said it had belonged to Cetewayo."

The opinion that Deeming committed several of the ripper murders is strengthened in the public mind by the dressmaker's statement.

BROWN, EAGER & HULL.

LOYAL LEGION.

Senator Sherman Speaks Concerning His Warrior Brother.

New York, April 7.—There was a notable scene and historic utterances in the great hall at Delmonico's last night. It was a night of military men, for the order of the Loyal Legion was banqueting there—the New York commandery and its guests.

Chief among those at the guests' table was a tall and slender man of quick, keen eyes and whitened hair, a senator of the United States, John Sherman, of Ohio.

And above in the balcony, to which after banquets of great interest in the hall below ladies are admitted to listen to the speeches that follow, there sat last night a son and daughter of the dead general, William T. Sherman.

Miss Lizzie and Tecumseh Sherman they were, and besides them were Thomas Ewing and Chief Engineer and Mrs. J. C. Kafer, of New York.

Why was the family of Sherman so fully represented? Because the gray haired and rugged faced senator, who sat chief at the guests' table, was to speak of the dead general, his older brother, and recall their boyhood days and their associations in manhood.

John Sherman, the statesman, had consented to address the military order of the Loyal Legion upon the life and deeds of the warrior, William Tecumseh Sherman. Senator Sherman's remarks were very interesting.

A Young Brewer's Disastrous Experience With a Current of Electricity.

St. Louis, April 7.—Fred Eberhardt was struck by lightning yesterday afternoon, while passing through the engine room door of Heim's brewery, in East St. Louis, where he is employed. He was stunned by the shock, and when he recovered he attempted to call to his fellow workmen for help, but found that he had lost the power of speech.

The lightning had struck a wire, leaped to a horseshoe nailed above the door, jumped to Eberhardt, and passed through him to the ground, tearing off the sole of his shoe.

Woonsocket, R. I., April 7.—Irving A. Howe, aged 50, manufacturer of the Hub shirt, 383 Washington street, Boston, was struck by a train at the Fairmount crossing of the New York, Providence & Boston road here yesterday afternoon and instantly killed.

RHODE ISLAND ELECTION

Returns Indicate a Republican Victory.

The State Doubtful on National Issues.

Full Returns Will Not Be Ready for the Public for a Week Owing to the Numerous Failures to Elect.

New York, April 7.—The Mail and Express (rep.) has the following from Providence, R. I.:

"At 9 o'clock this morning the returns are yet incomplete and need verification in several districts to correct manifest inaccuracies, but Brown is elected governor by from 200 to 600 majority, and Lieut.-Gov. Bull and Secretary of State Utter slightly smaller figures, with handsome pluralities for Attorney General Burbank and Treasurer Clark.

"The assembly is certain to have a republican majority of from 10 to 25 at the least. It is doubtful if all the returns will be in and verified before to-morrow. The total vote will exceed 50,000, and may reach 55,000—the largest on record. At this hour there have been heard from, on the assembly tickets, 29 towns which give in the senate 19 republicans and six democrats, with no selection in four towns, and seven yet to be heard from.

In the house there are, so far as heard from, 24 republicans and 16 democrats, with no election in 15 towns, and 17 districts yet to be heard from. The result really surprises the most hopeful expectations of the republicans themselves and the unexpected good fortune seems to have resulted from the terrible slump made by the democrats in such localities as the Blackstone valley, where such a thing as a sweeping republican victory was wholly unlooked for."

Brown Elected.

Providence, R. I., April 7.—Corrected returns give Brown, republican, a majority of 186, and plurality of 2,047, in a total vote of 54,746, which is 10,000 more than ever was cast at any previous election.

The Journal, commenting on the situation, says the state is still doubtful on the presidential question, and says the independent vote holds the balance of power.

Later Reports.

Providence, April 7.—Complete returns from all parts of the state show a total vote of 54,746, an increase of about 10,000 over the largest vote ever polled.

The two parties raked every city and town almost bare of voters, and got out an unexpectedly and unprecedentedly full vote, both in actual numbers and in proportion to the possible vote.

The finished returns show a republican victory. On the state ticket Brown, republican, polled 27,466; Wardwell, democrat, 25,419; Gilbert, prohibitionist, 1,590; Burton, people's candidate, 196, and 75 scattering.

These figures show a plurality of 2,047 for Brown, and a majority of 186. Bull and utter, republicans, for lieutenant governor and secretary of state, are also elected by small majorities, but there is no election for attorney general and treasurer.

The cities of Providence, Newport and Woonsocket went democratic on the state ticket. The legislative returns show a good republican majority in both branches already, with between 15 and 20 vacancies yet to be filled. In the senate the republicans have so far elected 20 out of 36 members and in the house 41 out of 72 members.

This gives them 61 on joint ballot, a majority of six besides the vacancies yet to be filled by second elections.

Most of these failures to elect are in Providence and Newport. In the former city only three of the 13 members of the legislature were chosen, and in Newport only one of six. The other failures were scattered among the small towns.

The control of the legislature by the republicans gives them the choice of their candidates for attorney-general and treasurer and secures beyond a doubt the reelection of Nelson W. Aldrich to the United States senate.

Mayor Carroll was defeated for representative in Pawtucket, and Mayor Holey failed of an election for a similar position in Newport, but has another chance on the second election, there being no election by any candidate.

The republicans are feeling very jubilant, as they have secured everything to be desired, or the assurance of everything—the legislature, all their state offices and United States senator, while the democrats are crestfallen, having nothing to hope for from the second elections except local influence and indorsement, as the postponed trials cannot affect the result in any important respect.

IT IS NOW A LAW

The Bill to Refund the Gas Certificates

Has Passed Both Branches at Columbus.

A Hard Fight Made Against It in the Senate.

Winn Successful in His Canal Battle.

The Miami and Erie to Have the Repair Fund Increased—A Political Scheme Thwarted—General Gossip from the State Capital.

Columbus, April 7.—(Special)—After Senator McConica presented the substitute and it was read the third time, he explained its provisions, and gave a history of the entire pipe line controversy. When he concluded Mr. Abbot, from Athens, made a motion to postpone its consideration until the first Monday in January, 1893.

On this motion Mr. Nichols, of Belmont, who has always been showing his teeth in opposition to local measures, opened up his batteries. During his effort he said that the gas certificates had been hawked throughout the city of Toledo and could not find any buyers at any price. He wanted the bill postponed.

Senator McConica stated that the bill, as amended, was entirely satisfactory to the people of the city of Toledo and no one wanted the city to repudiate its honest debts.

When this statement was made Mr. Abbott flashed to the view of the senate a petition signed by 200 citizens of the city of Toledo against the bill.

To this Senator McConica replied that the opposition was to the original bill and not the substitute now before the senate.

Mr. Abbott's motion to postpone was lost by a vote of 11 yeas to seven nays.

Senator Geyser then came to the relief of the opponents of the bill and succeeded in having the consideration of the bill postponed until next Wednesday. This motion was only allowed to sleep a little while, for a motion was made to reconsider the vote, whereby it was put over until next Wednesday, and the same was carried and the bill was placed on its passage and passed, yeas 18, nays 6.

Those who voted in the affirmative were Messrs. Bain, Beebe, Carpenter of Fayette, Carpenter of Meigs, Clingman, Forbes, Fox, Green, Hildebrand, Lampson, McConica, Ohl, Parker, Rawlings, Rorick, Shaw, Stewart, and Von Seggern.

Those who voted in the negative were Messrs. Abbott, Eckley, Gear, Marshall, Phillips and Van Cleaf.

The bill was engrossed and immediately messaged over to the house, where the amendments were concurred in and the bill is now a law.

Republican Partisanship.

Some time ago Representative Richards introduced and, in due course of time, had passed a bill giving a new common pleas judge to the district in which his county (Portage) is located. It went over to the senate and after its second reading was referred to the judiciary committee which, in its good time, reported back the same with a recommendation that it be passed. It came up yesterday afternoon, and after being read the third time, Senator Shaw offered an amendment providing for an additional judge in the northwest.

This was voted down by the republicans, and when the bill was placed on its passage it was defeated, as it requires three-fourths of the members elected to create a judgeship.

Finding that they were blocked in the scheme to create another office for a politician they came over to Senator Shaw and stated they would reconsider the bill and adopt his amendment.

All of this was carried out, but Senator Van Cleaf dropped in another rider, which made them squeal still louder, and they knocked it out and the bill was again defeated, as Senator Ohl said he would rather see his bill defeated entirely than give the democrats a judgeship, so he had the pleasure of seeing it go down into the ruins a second time, and it was again reconsidered and Van Cleaf's amendment adopted: but before the bill could again be placed upon its passage it was postponed for the time being.

Why such a thing should be done none of the democratic senators could say, but it leaked out last night that they wanted to consult with members of the house and have the republicans in that body agree to refuse to concur in the senate amendments and have the bill referred to a conference committee, the majority of which will be republicans, and that majority will report to both bodies that a report has been agreed upon, and the report will be adopted by a majority vote. But they must not forget the fact that it takes 24 votes in the senate to create a jugdeship.

The bill was called up this morning and passed, when Mr. Ohl skipped over to the house and notified the republicans to vote against the amendments, so the conference committee will get the bill.

President Harris will decide, as a majority vote can settle all matters of differences between both houses.

If he so decides favorably the bill will be tested before the supreme court.

Board of Surveyors.

Senator Gear this afternoon introduced a bill to establish a state board of surveyors. It provides for a better regulation of the land survey in Ohio and empowers the governor to appoint a board consisting of three members, who shall have been surveyors for 10 years, with a professor of civil engineering from the State university as an ex-officio member.

This board will examine all applicants under the rules and regulations and shall issue certificates to all that may have passed a satisfactory examination.

The term of office, after first appointment, is six years. Members will receive $5 per day for the time employed, with expenses, all of which is to come from the fees collected from applicants for certificates.

Toledo Street Railroads.

Senators McConica and Rorick reported back a bill giving the Maumee City and Toledo Street Railway company the right to use one-half mile of the tracks of the Consolidated Street Railway company for every mile built by their company, condemnation proceedings to be brought in probate court.

After the bill was read the third time, it was, on motion of Senator Geyer, referred to the committee on municipal affairs.

Confirmations.

The appointment of H. H. McFadden, of Jefferson county, for member of the state board of charities, was confirmed by the senate; also the appointment of C. N. Tichonick, Columbus county, trustee of the Cleveland asylum, vice R. H. Paige, resigned.

The M. & E. Canal.

Mr. Dewitt's bill providing for the sale of a section of canal lands in Paulding county, and the payment of one-third of the proceeds into the state treasury, the balance to be paid into the county treasury of Paulding county, which passed the house some time ago, came back from the senate to-day amended so as to provide for the payment to Paulding county of about $6,000 to reimburse the county for money, which will amount to about ing the land, the balance to be paid into the state treasury.

Mr. Winn, of Defiance, wanted the money, which will amount to about about $10,000, paid into the Miami & Erie canal fund, to be used in improving this important waterway.

Mr. Clark, of Champaign; Beard, of Ashland, and other members were opposed to giving the money to the canal, and made speeches against the proposition.

Mr. Winn stuck to his point, and argued so earnestly for the Miami & Erie canal that he succeeded in his proposition, and the Miami & Erie canal wil get about $10,000 for improvements through the measure.

Notes.

The senate yesterday afternoon passed Mr. Nichols' bill providing a uniform mode of acknowledgement for conveyances of real estate.

If the senate should pass the house bill by Mr. Wood, the trustees of the different insane asylums may appoint at least one female physician.

The senate passed Meyers' bill authorizing the commissioners of Henry county to issue $35,000 dollars in bonds for deficiency in general fund.

Mr. Stock's bill appropriating $600 to Weybrecht, of Stark county, who was bounced by republicans, was defeated, reconsidered and passed by the senate and is now a law.

The house last evening passed Flummerfelt's bill authorizing Vernier township, Seneca county, to issue $10,000 in bonds for the relief of the bondsmen of the late A. B. Brandt.

Hereafter any trustee of any estate in which a minor, idiot, imbecile or lunatic is interested shall have to give a bond as the bill introduced by Senator Von Seggern is now a law.

Senator Hildebrand introduced a bill yesterday afternoon providing that one of the assistant state inspectors of workshops and factories shall inspect powder mills and dynamite factories.

Gov. McKinley yesterday afternoon sent the name of H. V. Vincent, of Morgan county, as fish and game commissioner, vice Henry Graefe, of Erie county, resigned. The appointment was confirmed.

The senate adopted a resolution by Mr. Nichols, granting the use of the senate chamber to the Ohio world's fair commission and executive commissioner after the close of the session of the general assembly.

Senator Rorick's bill authorizing the school board of Archibald, Fulton county, to levy a tax of 5 mills for five years for the purpose of erecting a school house, is now a law, having passed the house last evening.

Geyer's bill, authorizing Bryan, Williams county, to issue $30,000 in bonds to construct water works, after submission of same to vote of the people, has passed both branches of the legislature, and is now a law.

ALONG THE GREAT LAKES

Navigation Soon to be in Full Blast.

Plenty of Ice Still on the Inland Seas.

Local and General Gossip Picked Up Around the Harbor—Miscellaneous Mention.

Chicago, April 7.—(Special)—Navigation at the straits this year has opened much sooner than on Lake Erie. Vessel captains who arrived here yesterday from ports on Lake Erie to take charge of their steamers, reported that immense fields of ice still covered Lake Erie. The port of Buffalo was completely blocked for the entrance of vessels.

On Lake Michigan captains of boats arriving yesterday stated that ice had entirely disappeared, the heavy rains early in the week completely melting it.

Probably the first boat to leave Chicago for the lower lakes will be the steamer Rube Richards.

After midnight Friday quite a fleet will get away. The old-time superstition against starting out the season on Friday has as strong a hold as ever on the men who go down to the sea in ships. What is more, they can prove by many instances that Friday is the most unlucky day.

Vesselmen have tried hard to stop the downward tendency of carrying charges on grain, and yesterday succeeded in holding the rate at 2 3-4 cents on wheat to Buffalo. Five cents was paid on wheat to Kingston. Charters were: To Buffalo—Arabia, Chicago, corn; to Kingston—Superior, corn; Negaunee, wheat. Total capacity, corn, 140,000 bushels; wheat, 40,000 bushels.

The Straits Clear of Ice.

Mackinaw City, Mich., April 7.—The straits are now perfectly clear of ice in every direction. All the floating ice has been washed away by the stiff gale of the past two days. Navigation is open to both lakes.

Lake Lighthouses.

Washington, April 7.—Mr. Keep, of Buffalo, secretary of the Lake Carriers' association, is here looking after the lighthouse bill for the lakes.

He and Hon. Vincent A. Taylor have had one or two interviews with the house committee on appropriations in regard to the matter. The sundry civil bill has been prepared, and while it contains the necessary appropriations for the regular lighthouse establishment it has none for new projects.

It is probable that the special lake bill will be pushed. In view of this, Mr. Keep has carefully gone over the items in the bill and designated them A, B, C, D and E, according to their urgency. Class A, deemed absolutely indispensable, carries $70,000; class B, $145,300; class C, $191,000; class D, $62,000, and class E, $350,000. Mr. Keep will remain several days and spare no effort to secure a favorable consideration of the bill.

WANTS THE EARTH

Statesman Herman Baumbach is a Ripper

Of the Most Pronounced Order.

Mayor Emmick to be Made a Czar.

All Power to be Taken from Democrats.

Republicans Want to Give "Vince" Authority to Name the Harbor Master, Infirmary Director, Bridge Tenders and All Subordinate City Offices.

Columbus, April 7.—(Special)—When Herman Baumbach appeared in Columbus with his little ripper bill it was regarded as a joke by the large number of Toledoans here, republicans and democrats alike.

It has developed, however, that there are others besides Herman in this scheme, and a strong pressure is being brought upon Mr. Griffin to push the measure.

It is proposed to vest in the mayor the authority to appoint all the bridge tenders, the harbor master, the infirmary director, and other subordinate city officers.

Mr. Baumbach had an earnest interview with Chairman Bonner and other republicans this morning, and it is evident that the plotters for spoils will not cease their work until an effort is made to push the ripper through the house.

There is much politics to the square foot in this legislature during the closing days of the session, and once the toboggan of ripping cities gets well started everything will go.

Herman Baumbach says he will have the earnest support of all the charitable organizations of Toledo in his effort to rip up the infirmary office.

FALL CANDIDATES.

Who the Democrats Will Vote for This Fall.

Upper Sandusky, O., April 7.—The democrats of Wyandot county held a primary election yesterday and elected the following candidates for the fall election: Treasurer, John Truax; surveyor, R. R. Durum; commissioner, Miles Mulholand; infirmary director, J. C. Snider.

SAMUEL CLARKE SHOT

By George Lethart Who Dashes Up in a Buggy

And Fires Two Shots, One Taking Effect.

The Affair Occurs at the Office of Mr. Clarke's Stone Yard on Jefferson Street This Afternoon—The Facts in the Matter.

About 2:30 o'clock this afternoon George F. Lethart, a carpenter, drove up to Clark's stone yard, at the corner of Ontario and Jefferson streets, at full speed, and standing up in his buggy drew a revolver and fired a shot at Samuel Clarke, the proprietor of the concern.

The bulet did not take effect, and Mr. Clarke turned to run. Lethart jumped out of the buggy, followed and caught him in the yard in the rear of the office. He knocked the old man down, kicked him in the sides, and hit him on the head with the revolver.

Mr. Clarke tried to get up, but Lethart fired another shot at close quarters, which entered the prostrate man's body.

Some firemen at No. 3's engine house heard the firing, and ran across the road. Just as Lethart came around to the front of the office, one of the firemen grabbed him around the waist and pinioned his arms. Another secured the revolver, a six-shooter, four of the cells of which were still loaded.

The police arrived on the scene and took Lethart to the station.

The trouble it seems started about a year ago. Mr. Clarke gave Lethart a contract to build him a house, and beforeit was finished paid him all the money. Then Lethart refused to finish the job, claiming that he had agreed to a price too low to allow him to finish the work. Mr. Clarke then sued him for the money he had paid him, and secured another man to finish the house.

Yesterday Mr. Clarke sent a constable to Lethart's house to attach his horse and buggy.

Lethart was mad and he told the constable that there would be bloodshed before night. This afternoon he proceeded to carry out his threat as described above.

Lethart is a man of middle age and Mr. Clarke is about 60 years old.

The injured man was taken across the road to the office of Dr. Van Pelt, who, with Dr. Hubbard, proceeded to search for the bullet.

The doctors cannot tell whether or no the wound will prove fatal. They decided not to probe for the ball. Mr. Clarke was taken to the hospital.

FELL THIRTY FEET.

Celina, O., April 7.—John Puthoff yesterday, while helping to erect a building, lost his balance and fell to the ground, a distance of 30 feet, breaking both legs and seriously injuring him internally. He lies in a precarious condition with little hopes of his recovery.

THE INDIANA DEMOCRATS

Their Heart Is Set on Grover Cleveland.

Gray Will Be Given a Complimentary Vote.

Turpie's Friends Trying to Head Off the Governor from the United States Senate.

Chicago, April 7.—The Tribune special from Indianapolis says: There are apprehensions of a split in the coming democratic state convention, and in consequence the supporters of Cleveland were yesterday advising that it would be policy for the convention to indorse Gray for first place in a perfunctory way, as it will have to be done, if at all.

It will not be surprising if an understanding of this kind is reached within the next few days. The object the Cleveland people set out to attain has been accomplished—namely: The killing of the Hill sentiment in this state. No one now rises to dispute the statement that whatever disposition is made of Gray, the delegation that goes to Chicago will be for Cleveland as soon as it becomes evident that Mr. Gray cannot be nominated for president.

No one has seriously supposed that Gray will stand any show of nomination for first place, but his claims will, it is argued, give him some prestige for second place. The opponents of Gov. Gray's candidacy for president, in combination with the friends of Senator Turpie, are endeavoring to wipe out all possibilities of Gray's succeeding Turpie as United States senator by having the state convention declare for Turpie's re-election.

A resolution will be introduced instructing the legislature to re-elect Turpie, and those who are behind the movement say the resolution will pass.

VANDERBILTS IN CONTROL

The Union Pacific Under Their Management.

The Gould Party Has Been Driven Out and the Wizard Will Manipulate Missouri Pacific.

New York, April 7.—The books for the Union Pacific railroad annual election April 27 were closed yesterday, and forthwith a report was current that Sidney Dillon will retire from the presidency and that Martin Hughitt, now head of the Chicago & Northwestern, will succeed him.

It was also intimated that in the reorganization of the directorate of the Union Pacific Gould representatives, including the wizard himself, will be dropped, while men who belong to the Vanderbilt army of railroad lieutenants will take their places.

Gould, it is said, will devote his energies to the rejuvenation of his Missouri Pacific system.

If, as is reported, Hughitt and his group of co-workers are to manage the Union Pacific, it means that at least the Vanderbilt dream of a trans-continental system has been realized.

WHERE'S THAT BALL PITCHER?

Robert Wilcox Heads Another Revolution in Hawaii.

Chicago, April 7.—Private letters from Honolulu presage revolution and say an attempt will soon be made by a large body of natives, headed by the half-breed Robert Wilcox to overthrow the present government and either establish a republic or secure annexation to the United States.

The day before the steamer sailed the authorities became alarmed and began to barricade the palace.

The revolution which Wilcox headed four years ago proved a fiasco because of insufficient preparation and the fact that the white rifle corps, under Col. Ashford, protected Kakaua.

A humorous feature of the revolt was that the insurgents were dislodged from the corner of the royal palace, which they had seized, by dynamite bombs hurled into their stronghold by a San Francisco base ball pitcher.

THEY WANTED HIS LIFE

A Marshal Who Had Plenty of Sand

Sam Cowan Defends His Office and Maintains the Peace at All Hazards.

Nashville, Tenn., April 7.—At Helenwood, close to the Kentucky line, a gang of drunken toughs have long terrorized the town authorities with threats to kill Sam Cowan, for town marshal, if he were elected.

Last Saturday Cowan was elected and yesterday morning the gang of some fifteen men loaded up with whisky and rode into town. Cowan learned of their intention and was on his guard. Just before 10 o'clock the men began shooting on Main street, when Cowan rushed out to stop them. He received a bullet through the shoulder and another through the ear. In return he shot the leader, Bill Sykes, through the brain, and fatally wounded two others, and seriously injured a boy. Cowan has not been arrested.

THAYER WAS BARRED OUT

Nebraska's Champion Office Seeker Stopped.

A Republican Supreme Court Knocks the Winds All Out of His Sails.

Lincoln, Neb., April 7.—The Nebraska gubernatorial controversy is at last ended. The supreme court has handed down a decision denying the application of John M. Thayer for a re-opening of the case.

The court bases its opinion on the ground that a person who sought by quo warranto proceedings to obtain possession of an office, held by another, must show that he has a better title to the office than the incumbent; that when Gov. Thayer abandoned the office in favor of Gov. Boyd he put himself in the light of a disinterested person and has no ground for action.

The supreme court justices are all republicans.

SMALLPOX IN NEW YORK.

Great Alarm Felt in Health Office Circles

New York, April 7.—(Special)—A young woman accompanied by a man drove up to Bellevue hospital in a cab on the evening of March 28.

She said she was Anastasia Sullivan, of No. 26 Greenwich street, and that the man was her brother. She was suffering, the man said, from tonsilitis. She was taken in and two days afterwards developed unmistakable signs of smallpox, and was removed to North Brother island.

The board of health was at once notified and every precaution taken to prevent the spread of the disease in the hospital. Inspectors were sent to No. 26 Greenwich street, where the girl said she had lived, but it was found that her mother had died some time before and that since then Anastasia had been leading a gay life, and had lived principally in east side lodging houses. The man who accompanied her to the hospital was not her brother.

This was all the health officials could learn, and this was very unsatisfactory, since the germs of disease might be hatching in both an unknown lodging house and a cab.

SMOKELESS POWDER.

Experiments Being Made at the Proving Ground.

Newport, R. I., April 7.—Further experiments were made Tuesday with the navy smokeless powder at the naval ordnance proving ground, Indian Head.

The powder used in the trial was made expressly for the six-inch navy guns. In Tuesday's firing, a charge of 21 pounds of the smokeless powder gave a projectile weighing 100 pounds a velocity of 2,310 feet per second, with a chamber pressure of only 14.4 tons to the square inch. The result is considered better than any obtained with the French powder, the best of the foreign smokeless powders, so far as published reports indicate.

MORMON TEMPLE.

Salt Lake, Utah, April 7.—The capstone, or the last stone on the Mormon temple, was laid at noon yesterday by President Woodruff, of the Mormon church, in the presence of an assemblage of people estimated at from 40,000 to 50,000. The ceremonies were simple, but of the most impressive character, and the stone was placed in position by electricity from the speaker's stand at the south side of the temple building. Nearly every leading man of the Mormon church was present and the occasion was viewed by the people as one of the most important in their history.

Upper Sandusky, April 7.—The large two-story frame residence on South Seventh street, owned by Gottfried brothers, and occupied by Frank Shealy, was badly damaged by fire last evening, causing a loss of about $1,000, with full insurance.

That will make her forget to scold, and will make you both happy and comfortable. One dollar, please. Husband:—That's good advice, and cheap, too. I'll act on it.

Toledo Suffrage Association Meeting.

Rev. Anna Shaw to Lecture on April 14—Meetings for the Remainder of the Week.

There was a good attendance at the Woman's Suffrage meeting yesterday afternoon. In the absence of the president, Mrs. R. L. Segur, Mrs. A. E. Lang, vice president, occupied the chair. The following executive committee was appointed for 1892-3: Mrs. S. R. L. Williams, chairman; Mrs. Cole, Mrs. Mary Franklin, Miss Anna C. Mott, Mrs. Cornelia Shaw.

Mrs. Edward Bissell, corresponding secretary, read letters relative to the Doty bill, from Mrs. Everhard, state president, of Massillon, and from Mrs. Schrader, of Chilicothe.

Mrs. Lang spoke of the annual dues to the state convention and of the Anthony bust fund. It was decided to send $10 to the fund.

Mesdames Williams, Eck and Fray were appointed a committee to visit the police matron this month.

Mrs. Lang announced that Rev. Anna Shaw will lecture in this city on the evening of April 14 on "The Fate of Republics." The lecture will be open to the general public.

Mrs. Fray spoke of renewed enthusiasm in the Perrysburg and Maumee suffrage associations. Copies of the report of the United States judiciary committee upon woman's suffrage, sent by Mrs. Harriet Taylor Upton, were distributed.

Mrs. Lang recommended a paper entitled "The Gleaner of Massillon," as containing an excellent suffrage department.

Mrs. Williams gave the home suffrage report and Mrs. Fray the foreign report. After the treasurer's report, Mrs. M. J. Barber read a chapter from Prof. Wright on the constitution of the United States.

The next meeting will be held the first Wednesday in May at room 9, Ft. Industry block.

Attention of Authorities Called to a Leak at Huron and Adams Streets.

Complaint is made by the consumers of water from the artesian well on the corner of Huron and Adams streets of the muddy condition of the water. There is a leak in the casing, and the surface water runs into the well. This is very unhealthy, and physicians state that such impurities cause malaria and typhus fever. At any rate the authorities should look after this well.

THE WIND BLEW

And the Derricks Fell Down in the Oil Fields.

George C. Durham, field superintendent for the Ohio Oil company in the Wood county field, was in the city this morning. In conversation with a Bee he stated that the recent winds created sad havoc in the oil districts. About 40 derricks were blown down for the Ohio Oil company, and as many in proportion owned by other companies. This will greatly retard operations, and the loss will run up into thousands of dollars.

CHAS. M'KAY

Bound Over to the Court of Common Pleas—He Shot at an Officer.

Yesterday afternoon in police court Chas. McKay was tried for shooting at Officer Himes with intent to kill. The complainant produced at least ten witnesses that McKay, without any provocation whatever, drew a revolver and shot at the officer three times at the corner of Lagrange street and Franklin avenue, March 23. The court found him guilty and he was bound over to the court of common pleas and bail fixed at $800.

THE METHODIST SOCIAL

Was a Grand Success in Every Particular.

The union Methodist social at St. Paul's church last night was a decided success in every particular. The spacious parlors were filled during the entire evening. The pastors of the various charges were on hand mingling their voices with their parishioners, and endeavoring to make all feel at home. The ladies of the Broadway church had the refreshments under direction, and they performed their part to the satisfaction of their patrons. As a result, the fund for the new building received quite a lift. The social of last night was so pleasant that a general wish was expressed to have like affairs more frequently.

BISHOP LEONARD HERE.

He Will Confirm Classes at Maumee, Auburndale and in the City.

Bishop Leonard arrived in Toledo from Cleveland at noon to-day. To-morrow afternoon he will confirm classes at Maumee, to-morrow evening at St. Andrew's chapel at Auburndale, at St. Paul's, East Toledo, Saturday evening, at Trinity church Sunday morning, and at Grace church in the evening. He will address the noon-day meeting at Trinity to-morrow. Monday evening the bishop will visit St. John's, delivering an address at 7:30 o'clock.

LAST EVENING'S PERFORMANCE.

She Couldn't Marry Three Was Not a Frantic Success.

Lillian Kennedy appeared at Wheeler's last evening in the comedy-drama She Couldn't Marry Three. The piece was fairly presented. John Kennedy, the star's brother, was the only good actor in the cast. Miss Kennedy herself was very unnatural at times, or at least the part she played was overdrawn and unbalanced. Some of the scenic effects were good. Taken as a whole, the piece did not come up to the expectations of the audience.

WILLARD W. C. T. U.

Resolves Against the Printing of Prize Fight News.

The Bee is in receipt of the following resolution adopted by the Willard W. C. T. U., reported by a committee composed of Mrs. J. T. Losee, Mrs. F. J. Sumner, and Mrs. E. A. Edwards:

"The following resolution was unanimously passed by Willard union, W. C. T. U., at its session on Tuesday at the Third Presbyterian church:

"Whereas, It is more degrading for men to fight than that bulls and bears should engage in such pastime, and that all brutal amusements should be discountenanced by civilized people; be it

"Resolved, That a protest be presented to the Toledo Press against publishing accounts of pugilistic contests."

THERE IS NOTHING NEW

In Connection with the Strike of the Painters.

Four more signatures to the painters' scale have been secured to-day. The roll-call of members of the union, morning and afternoon, shows that all the men are still out, and are steady in their demand for the raised scale. The union as a whole is conducting it present difficulty with dignity and with good feeling, and responsible officers regret that any of its members should give ground for criticism. The master painters, on their side, have taken no action, and claim they will take none until the men come to them. It is understood, however, that the Master Painters' association will hold a meeting on Friday evening.

THE Y. M. C. A. ATHLETES

Will Repeat the Exhibition Given Last Evening.

The annual gymnastic exhibition at the Y. M. C. A. was given last evening. It proved a very successful affair. After a few remarks by the physical director, F. E. Warran, the class went through the dumb bell drill in a finished manner.

Messrs. Douglass, Carew and Ayers did some good jumping. They made 5 feet 1 inch in the running high, 4 feet 9 inches in the standing high, 9 feet 3 1-2 inches in the standing broad, and 28 feet 2 inches in the hop, step and jump.

Messrs. Wagner and Jefferson appeared with their seconds and gave a very exciting exhibition of fencing, which was one of the most enjoyable feaeures of the program. The class performed on the parallel bars and Messrs. Young and Ayres did some high kicking. There were exercises on the German horse and some very laughable gymnasium games. One was called a dog fight. Two boys putting their necks in a strap and pulling against each other. They also did the ox pull, monkey rolls, what-nots, elephant race, and Messrs. Dougless and Rudman did some very clever tricks with barrels. There was also bar bell drilling, wrestling by Messrs. Jefferson and Fraser, pyramid building by the class. The whole concluding with the elephant procession which was very funny.

The exhibition will be repeated Tuesday evening next for the pastors of the city and the contributing members of the association.

The Y. M. C. A. boys have decided on a yell which is as follows: Y. M. C. A. To-le-do O. Hic Hic Hoc Tu Ro Dum Do.

OWEN C. REES, M. D.,

Surviving partner of Dr. S. S. Lungren. Residence, Hotel Madison. Office, No. 424 Erie street, apartments formerly occupied by Dr. Lungren. 'Phone 413. Office hours, 9 to 10 a. m.; 3 to 5 p. m.

As surviving partner of Dr. S. S. Lungren, I purpose making Toledo my home, and engaging in the general practice of medicine and surgery.

In placing myself before the citizens of Toledo, I take the liberty of submitting herewith the card which Dr. Lungren so very kindly wrote at the time of the formation of our partnership.

To My Friends and Patrons:

Dr. Rees is withal an accomplished gentleman, and I bespeak for him your consideration and confidence.

DE VERE PARDONED

The Toledo Clarvoyant to Go Forth Free.

L. G. Richardson Secures the Madame Her Freedom.

She Will Not Leave the Pen for Some Days and May Not Return to Toledo.

Madame DeVere is pardoned.

The news was received in Toledo last night, but has been kept a secret.

L. G. Richardson, her attorney, has been in Columbus several days, ostensibly in regard to the pending gas legislation, but in reality working up the madame's pardon.

He returned to Toledo this morning, but was very reticent when interviewed by a Bee.

"Has the madame been pardoned?" he was asked.

"I will tell you later," he said with a knowing smile. "I expect a telegram announcing her release at any moment."

"Has the pardon been granted?"

"Well, I have every reason to believe so, and I expect her to wire me of her release to-day, at least not later than to-morrow."

"Will she return to Toledo?"

"No, I think not. Even if she is released to-day she will remain with the matron a few days."

"Where will she go after leaving Columbus?"

"That has not been decided. She may remain in Columbus some time, and she may make up her mind to return to Toledo."

Madame De Vere, it will be remembered, was sentenced to 10 years in the penitentiary on the charge of forgery. She has served a little over a year.

Mr. Richardson has worked hard and faithfully to obtain a pardon for the madame, and he is to be congratulated on his success.

Mr. Mars Nearing, when told by a Bee that the madame, as she was generally known, had been pardoned, smiled grimly and said:

"Well, I am sure I have nothing against her, but it is my opinion she is not a good woman, and Toledo will be better without her presence."

Later information states that DeVere will be paroled on the recommendation of the board of pardons, which met in Columbus to-day.

The Wheeling & Lake Erie has chartered the barge Germania and she will be loaded Saturday at the Ironville docks with coal for Bay City.

Elder Jones is about to remove the little Tin Church, about which the readers of the Bee have been regaled with incidents from time to time for years. The good old elder, while informing the Bee of the proposed move, desired the public warned again about persons who are seeking to collect funds at the expense of the church. Mr. Jones says he is only behind $4 on the building, and if meddlesome people would keep their hands off he would raise the amount himself in a short time. "Give 'em a crack" were the elder's parting words.

MR. BAUMBACH'S BILL

Is the Laughing Stock of Even His Own Party.

Desperate Attempt Evidently to Cover Up Something in the Management of the Infirmary.

The desperate attempt of the infirmary people to retain the office of superintendent among themselves has aroused attention, and many on the inside claim that there is something that will not bear the light of day.

Baumbach and his bill was the laughing stock of the legislators generally at Columbus yesterday. Even the most partisan looked upon Baumbach's little scheme as absurd and ridiculous.

The audacity of the man in trying to get a special act of legislation passed in his own interest would be inconceivable were it not for the fact that the entire infirmary crowd is behind it.

"The office should be promptly and thoroughly overhauled," said a prominent republican this morning. "There were hints and inuendoes last fall during the election relative to mismanagement, and this move of Baumbach's gives color to the rumors then denied. I never heard of anything so audacious as this man Baumbach posting off to Columbus on such a mission. No, Griffin won't touch it. It would be political death to him if he did."

Mayor Emmick, who, by the way, has but little use for Baumbach, denies most emphatically that he has promised the place to Baumbach even should the bill pass.

Afraid of Her Breath
A bad breath spoils the beauty of a Venus.
There is a way to cure this affliction. It arises from a disordered stomach. Read what the celebrated Doctor Hofmeister said before the Medical Society of London:
"The unnatural motions of the stomach, causing pressure and belchings, the irritation of the intestines, resulting in catarrh of the bowels, and the inflamed mucous membranes, are the most fruitful of all known causes of disease.
"I have found that the unnatural motions of the stomach cease, the intestinal troubles become soothed, and health results from the use of Carlsbad Waters or Sprudel Salts. The diuretic effect of these remedies, its quiet action upon the lining of the stomach and its healing power upon the inflamed intestines are beyond all praise."

Rhode Island would better amend her election laws, the first thing.

With the Harrisonian ascendency, Quay, Dudley and others of their ilk come bobbing to the surface.

Here's hoping somebody down east asked Gov. McKinley why he didn't veto the Ohio gerrymander bill.

It is safe to say there will not be much Chinese bamboo and joss house fol-de-rol at the World's Fair in '92.

Perhaps it was hot politics that gave us a hint of summer's torrid possibilities the first days of this month of April.

Mr. Cleveland said at Providence, "Reciprocity is the homage that protection pays to tariff reform." Pretty good saying.

The colored men of New York held a meeting of indignation at Cooper's Union the other night. Such colored orators as Col. Elliott Shepard did the talking.

Gov. Russell said, in his Rhode Island speech, "You tell us of lower prices and higher wage, the result of the McKinley law; explain, please." Nobody does and nobody will.

Scientists are discussing whether it was a cyclone or tornado that struck "out west" the other day. The participants are satisfied that it was wind.

Another crisis is bearing down upon the president. Is it Blaine redivivus, Lord Salisbury, Senator Quay or the Raum investigation? He is getting ready to go snipe shooting.

Edward Everett Hale has just passed his seventieth birthday and here he is doing magazine department work side by side with young men. His is a hale old age, indeed.

Great Britain is singing the Boom-ta-ra with as much gusto as it did McGinty and Annie Rooney. That's all right for international courtesy and pastime, but how about those seals?

Secretary Foster is a slick one. He advises the senate that from time to time, as he sees the good of the service demands it, he will remove employes in his department and put others in their places.

Glass-making was one of the industries legislated for in the McKinley law. Late advices are to the effect that all the factories in the west will close down May 31, and will not resume until September, forcing hundreds of men into idleness. More tax-law protection.

A new industrial census of Philadelphia will be taken and St. Louis and other cities are as badly off. Oh, it's a great affair, this census bureau of ours. In addition to the rest of its enormous cost there must be an appropriation to investigate its crooked methods.

To think that in this year of our Lord, we actually have to fight for the state of Rhode Island seems to me to have in it something of the element of the grotesque and the absurd.—Thomas B. Reed.

Any political fight that Mr. Reed takes a hand in will have something of the element of the grotesque and the absurd.

There are Whitman clubs in England, and up to date twice as much has been said of his death as was said of ex-Minister Lowell, at the time of his demise. Poets like Whitman and showmen like Wild Bill are refreshing to conventional England. Why call them "distinctly American?"

Bear in mind that Senator Aldrich with the republican machine behind him, Blocks-of-five Dudley with a new scheme, on the ground, cheek by jowl with boodler Brayton, $125,000,000 sitting on the platform behind Protectionist McKinley, made a hard combination to beat, in Rhode Island.

"By the memory of Burnside" shouted an impassioned pleader that Aldrich be "saved" to the senate. Burnside's fame when he was alive and his posthumous memory is something like Peffer's present notoriety—it consists in whiskers.

General Raum admitted, in a moment of abstractedness, that the overwhelming number of pensioners in Indiana was due to the fact that it is a close state politically. No wonder republicans who would barter their souls for personal and party gain, oppose investigation into such methods.

The New York Herald is bound to enjoy itself. In a dozen or less places in yesterday's issue, it nominates Watterson and Hill, or Campbell and Hill for the democrats; and Blaine and Reed, or Lincoln and Reed for the republicans. That Mr. Watterson and Mr. Blaine have both proclaimed their disabilities interferes not at all with the Herald's amusement.

A republican editor asks, "who hears anything about Speaker Crisp?" The present speaker is not another egotist like the blatant Reed, the hero of the sash and blazer. He is a quiet, well-bred officer, who knows his business and attends to it. Happily the Reeds who get into conspicuous places and take advantage of the opportunity to exploit themselves, are yet the exception to the rule.

They needed every last one in the contest in Rhode Island. The chairman of the republican state committee sent the following dispatch to a citizen of that state who does business in New York city:

You must come at once or Aldrich is defeated. The Irish will rule Rhode Island. We need something besides campaign orators. Bring both your boys home to vote.

We shall know pretty soon if the boys saved the state.

Harrison, Blaine, Cullom and Allison met "by chance" at the White House the other day. Reporters for the organs hasten to proclaim that the distinguished gentlemen parted in the best of humor, "talking and chatting as they stood at the front door." That Harrison let them out "the front door" is supposed to have a distinct significance as well as the fact of "talking and chatting."

Mr. Reid will be given a welcome home banquet at Delmonico's Saturday night. Here's presuming Mr. Reid is "glad to be here on this occasion." He comes home quite worn out with trying to manage a reciprocity jerk-back attachment to a buzz-saw protection measure. His opinion that it doesn't amount to much after all, is about as damp a blanket as Blaine's pronunciamento, concerning the thing, before he attempted to patch it. Reid's opinion covers both bill and patch.

Genoa, the birthplace of Christopher Columbus, will celebrate the fourth century anniversary, to open June 1 next and close November 30. King Humbert and the Pope are working together for its success. Genoa, the Superb; it has some attractions beside which Chicago's 20-story buildings and largest slaughter houses in the world grow pale. It holds more art than Rome itself. In the King's Palace and the Municipal Palace, the Columbus records are kept. Statues to Garabaldi and Galliera will be unveiled and the new opera of Cristoforo Colombo will be given. Our Uncle Sam is invited. Will he go?

A protection organ says: "Rhode Island is a manufacturing state, and it is therefore to be expected that it will stand by the tariff." Precisely. The tariff law is made to favor manufacturing states, and they are expected to "stand by it," which means to contribute liberally to the support of the party which legislates for their benefit. What about the agricultural states that have been bearing the burden of this protective care for those others, all these years? If they know when they are friends to their own interests as the present government is to the interests of the manufacturing classes, they will "stand by" the men and measures pledged to tear down this wall of unjust discrimination.

The more cautious and politic republican organs gave the object of Secretary Foster's visit to New York as solely for the purpose of looking into the Ellis island affair and for "getting acquainted with the heads of the bureau of immigration on the spot." The quoted words are Mr. Foster's own, as reported. Another Washington dispatch says the visit of Secretary Foster resulted in a harmonious understanding with the Platt faction which agrees to lay down its anti-Harrison weapons and here after join in the rallying cry for the Hat. Also that Foster and the New Yorkers "arranged for the Vice Presidential candidacy." Great man, our Charley, around electioneering and making slates while treasury scandals are rampant and Uncle Sam's strong box, emptied by his party, is yet in a rattling condition.

THE WORST OF THEM ALL.

Of all illogical, irresponsible, wild talkers on the tariff question, the author of the McKinley law is the worst. A fallacy proven and acknowledged, answers his purpose as well as an actual and undeniable fact. The more enlightened class of republicans glorify the reciprocity section of the bill alone, which is free trade in certain stipulated articles. McKinley ignores the Blaine attachment and whacks away with his exploded theories as if they were newly discovered truths. When he says "it is the protective tax that makes the laborer better off in this country than in any other," he knows he speaks falsely. In some industries, utterly unprotected, better wages are paid than in some others, directly under the aegis of "the beneficent wing." He knows, and so does every other intelligent person, that a free, representative government, unlimited expanse of territory, diversity of climate, and freedom of speech and of the press, and a hundred other minor advantages, give this new country the lead of the old-world monarchies with their limited area, over-crowded population, royalties and aristocracies, princes and peasants.

To institute fair comparison, take protected Germany and free-trade England—the similitude of these countries in nearly every particular gives judgment in such case a showing of justice. The English laborer in his small cottage with his bit of ground, or even in the government tenement houses of London or Liverpool, is infinitely better conditioned than his fellow in Germany. And yet the German laborer is protected by a law similar to our own. Any one but a partisan campaigner, who cares not a whit for logic or truth, will see, understand and acknowledge these facts.

In his Rhode Island address, the Governor, if he is correctly reported, said:

A working man in Europe gets $7 a week—a man in the same line in Ohio gets $17.

The location "in Europe" is not mentioned, neither is the line of work, neither is the number of hours nor the cost of food and clothes, and yet this man who poses as a teacher of the people in political economics, assumes to believe that such slip-shod statement will pass for proof of anything. He either betrays his own obtuseness or presumes upon the unquestioning ignorance of his auditors. Many a man who washes the smut from his face and shakes the dust of toil from his garments before he enters his labor union meeting, talks better sense and more to the purpose.

CURRENT COMMENT.

Should the Chicago aldermen have to join the zebras why not put them in one of the parks, instead of the pen, where other municipal statesmen could not see them?—Louisville Courier-Journal.

The Pennsylvanians are told that the McKinley bill has not made prices higher. As it was passed for the express purpose of increasing prices, what a failure Mr. McKinley must be in tariff tinkering.—Louisville Courier-Journal.

The withdrawal of Russell A. Alger from the presidential race is about due. If he runs much longer he will begin to experience great pain in his lumber regions, without compensation in a prospect of getting what he is running for.—St. Louis Star Sayings.

Now what is needed is the adoption of a law making it more difficult, even impossible, for courts to defeat by technicality the clearly expressed desires of men who wish by will to provide for the public's pleasure and profit after their death.—New York Herald.

Rev. Dr. Parkhurst, of New York, never attracted any attention as a minister of the gospel, but as soon as he began detecting loose women and saloon-keepers he scored a tremendous success, which ought to encourage him to open a detective bureau at once. He has evidently found his vocation.—St. Louis Republic.

Mrs. Mary Stebbins, who is under arrest at Chicago for causing death by a so-called Christian science treatment, is out on bail. She claims that her temporary release from jail is due to the direct interposition of the Almighty, but this is a new name for a bail bond.—Indianapolis News.

The Canadian government should at once put a stop to the naturalization of Chinamen in order that they may be admitted to the United States as subjects of Great Britain. It is a trick compared to which the bunco business is respectable, and subjects that come to this country as Chinese Englishmen will find their social relations somewhat discouraging.—Detroit Free Press.

Nobody is scared by Congressman Watson's threat that the south will now go over to the third party. The south is shrewd enough to know that it can accomplish nothing by that move, and it will be found solid as ever next November. Electing high protectionists to spite the only party in position to help them is not the policy that will catch southern men.—Kansas City Star.

NOTES HERE AND THERE.

On the Political Situation, Gathered on the Streets.

It is possible the councilmen will organize on Saturday night.

Candidates are on the hustle for the various city offices. Most of them are claiming to be the lucky fellows, consequently there is some disappointment ahead.

There are now five candidates in the field for city engineer: John R. Miller, George H. Bodette, Edward Connolly, W. G. Root and M. E. Williams, all of them good democrats.

Both parties will caucus for selections to occupy the presiding officers' chairs in the council board, but an agreement must be reached amicably since neither party has enough votes to elect.

Mr. John Tollman, of the Eighth ward, announces himself as candidate for infirmary superintendent. Mr. Tollman is an old and respected citizen, and served while a member of the city council as chairman of the infirmary committee.

The joint session will have at their caucus to determine upon three members of the city board of equalization. Two of the places are filled each year, and the third is open this time because of the election of Hon. Jacob Romeis as gas trustee.

Edward Connolly has to-day shied his castor into the race for city civil engineer, and claims his show is as good if not better than any of the rest of them. He was born and raised in Toledo, and has at various times occupied positions in the department.

The city officers whose life depended on the election of the present council are loud in their imprecations on the heads of those who brought about the Schafer nomination in the Second ward, and then followed up the fiasco by trotting out an independent candidate in the person of Mr. Best. It is a republican muss which is pleasant to look upon.

TO FIGHT THE BIG TRUST

Erastus Wiman Goes Into a Sugar Deal.

One Hundred Distributors Combine to Prevent Another Combine from Raising Prices.

New York, April 7.—Rumors were in circulation yesterday as to a possible organization of a big sugar refining company to compete with the sugar trust, which now practically controls the business.

It was said that backers of this movement were the wholesale grocers of New York, Philadelphia, Baltimore, Boston, St. Paul and other cities. It was further reported that Erastus Wiman was interested in the scheme.

Mr. Wiman, when asked about the matter yesterday, said that all he knew in regard to the project was that inquiries were made of him whether there was a suitable piece of property at Staten Island at which a large refinery could be advantageously located. To this he replied that there was.

He was also asked if he would act as custodian for subscriptions to a company, the owners of which would consist of not less than 100 of the leading sugar distributors of the country, and if he would join in such a movement.

He told his inquirers that he was ready to invest in any enterprise that promised to be for the benefit of Staten Island. Mr. Wiman declined to say who the projectors of the enterprise were.

IMPALED ON AN IRON PICKET.

While Talking With a Schoolmate He Fell Over the Railing.

New York, April 7.—Jeremiah Long, the 13-year old son of City Marshal T. C. Long, left his home, No. 565 Grove street, Jersey City, yesterday afternoon to attend St. Michael's academy, in Erie street. He stopped on the stoop of the academy and while talking with his companion balanced himself upon the railing. The next instant he fell backward upon an iron fence 10 feet below. One of the pickets entered his back near the kidneys and another tore his left thigh badly.

The boy's screams were heard by a man who was passing and he was lifted off. He had been impaled fully a minute. He was carried to St. Francis' hospital. He is in a critical condition.

THE MAN WHO WAS LOST

Lieutenant Backus, U. S. A., Has Found Himself.

He Is Evidently Out of His Head and Can Give No Account of His Wanderings.

New York, April 7.—Liuet. Backus, U. S. A., who has been missing for several days, and who was reported to have sent a letter to the war department declaring his intention to take his life, turned up this morning.

Shortly before 2 o'clock a man walked unsteadily up to an officer, who was standing on the corner of Eighth avenue and Thirtieth street, and in a thick voice, said: "I'm Lieut. Backus, the man who is lost."

He was taken to the station house, and the manager of the Sturtevant house sent for. He identified the lieutenant as his guest and took him back to the hotel.

The lieutenant seemed temporarily demented, and was unable to give a coherent account of his wanderings.

ALL FOR CLEVELAND

Topeka, Ks., April 7.—Up to date nearly half of the 106 counties in Kansas have held their democratic conventions to send delegates to the state convention at Salina, April 20. Every county so far heard from is for Cleveland, and many have instructed their delegates to vote for him.

HOSPITAL BURNED.

Missoula, Mont., April 7.—The Northern Pacific hospital burned last night. The building was a large structure and the flames spread with great rapidity. The loss may reach $50,000.

DISABLED AT SEA.

London, April 7.—The ship Jason, of Glasgow, Scotland, has reached Queenstown in a badly injured condition. The Jason collided with an unknown steamer, which disappeared immediately after the collision. The crew of the Jason are unable to speak as to the extent of the injury to the steamer.

Kite-flying is to be made something more than an amusement for boys and a resources of weak-kneed financiers. On Tuesday, Mr. J. Woodbridge Davis raised a kite at South Brother Island which carried a buoy to Ricker's Island, apparently more than half a mile. It took four men half an hour to haul in the line that the kite had dragged out in a few minutes. The object of the experiment was to show that a kite might be made an important adjunct of life-saving apparatus. The direction of the kite may be controlled to some extent by using two strings.

Before ex-Gov. Campbell left for Rhode Island a rising Ohio poet tucked the following lines into his vest pocket, which he read last Saturday in Providence:

The hardest thing to find,
Search everywhere you will,
Is he who had his wages raised
Under Bill McKinley's bill.

Seldom are truth and poetry found to blend more feliciously than in this promising campaign singer.—Boston Globe.

Four little candidates of the g. o. p.
Cullom said: "Just count me out," and then there were three.
Three little candidates still hold out, it's true,
But Blair doesn't count and that leaves but two.
Two little candidates, when the New York Sun
Gave Alger's war record and then there was one.
One little candidate standing all alone,
When the votes are counted he'll die without a groan.

—Chicago Times.

Never Questioned.

The superior purity, strength and wholesomeness of Royal Baking Powder is never questioned.

While other baking powder makers are exposing the impurities and shortcomings of the powders of their competitors, and the official tests by the Government are revealing the improper ingredients, the low strength, and lack of keeping qualities of other brands of baking powder, no question is raised, no doubt is entertained, of the great qualities, the absolute purity and efficiency of the Royal Baking Powder. It stands alone, above suspicion.

Do not permit the grocer or peddler to substitute any other brand in place of the Royal.

HER BEAUTIFUL DRESS.

Old Mother Earth woke up from sleep,
And found she was cold and bare;
The winter was over, the spring was near,
And she had not a dress to wear!
"Alas!" she sighed with great dismay,
"Oh, where shall I get my clothes?
There's not a place to buy a suit,
And a dressmaker no one knows."

"I'll make you a dress," said the springing grass,
Just look above the ground;
"A dress of green of the loveliest sheen,
To cover you all around."
"And we," said the dandelions gay,
"Will dot it with yellow bright;"
"I'll make it a fringe," said Forget-me-not,
"Of blue, very soft and light."
"We'll embroider the front," said the violets,
"With a lovely purple hue;"
"And we," said the roses, "will make you a crown
Of red, jewelled over with dew,"
"And we'll be your gems," said a voice from the shade,
"Where the ladies' ear-drops live—
Orange is color for any queen,
And the best that we have to give."

Old Mother Earth was thankful and glad,
As she put on her dress so gay;
And that is the reason, my little ones,
She is looking so lovely to-day.

The government is considering a scheme for the defense of New York harbor that seems as chimerical as the dream of an opium-eater, yet at the same time its inventor has the record of a most practical engineer. The method is a secret, but, whatever it is, the inventor claims that with a comparatively simple plant he could strike a hostile ship with a succession of blows, each having a force of fifty-thousand-foot tons, the result being annihilation. The inventor is Gen. Edward W. Serrell, of New York, who planned the "Swamp Angel" batteries used in the siege of Charleston, and has been identified with famous engineering enterprises. His agent of destruction is electricity.

Ignatius Donnelly has been agitated, as Mr. Cleveland might remark, about the ghoulish glee of the press. He says: "The lying capacity of the American newspaper is the most colossal exhibition of mendacity known since the Almighty tumbled Lucifer over the battlements of heaven," whenever that may have been.

When gazing in your lover's eyes,
How soon his sense of rapture dies
If there's no sweetness in the breath;
If by your failing teeth be shown
That SOZODONT to you's unknown,
And that your mouth is suffering death.

DON'T RUN IN DEBT.

Don't run in debt, never mind, never mind,
If the clothes are faded and torn;
Seam them up, make them do, it is better by far,
Than to have the heart weary and worn.

Who'll love you more for the shape of your hat,
Or your ruff, or the tie of your shoe;
The cut of your vest, or your coat or cravat,
If they know you're in debt for the new.

There's no comfort, I tell you, in walking the street
In fine clothes if you know you are in debt;
And feel that perchance you some tradesman may meet,
Who will sneer, "they're not paid for yet."

Good friends, let me beg of you, don't run in debt;
If the chairs and sofas are old
They will fit your back better than any new set;
Unless they're paid for—with gold.

If the house is too small draw the closer together,
Keep it warm with a hearty good will;
A big one, unpaid for, in all kinds of weather,
Will send to your warm heart a chill.

Don't run in debt now, dear girls take a hint,
(If the fashions have changed since last season),
Old Nature is out in the very same tint.
And old Nature, we think, has some reason.

But just say to your friends that you cannot afford
To spend time to keep up the fashion;
That your purse is too light, and your honor too bright,
To be tarnished with such silly passion.

Gents don't run in debt; let your friends if they can,
Have fine houses, feathers and flowers.
But unless they are paid for, be more of a man,
Than to envy their sunshiny hours.

If you have money to spare, I have nothing to say;
Spend your silver and gold as you please;
But mind you the man who his bills has to pay,
Is the man who is never at ease.

Kind husbands, don't run into debt any more,
T'will fill your wife's cup full of sorrow
To know that a neighbor may call at your door
With a claim you must settle to-morrow.

Queen Victoria, on hearing of the death of the Grand Duke of Hesse, would have abandoned her trip to the continent, and would have passed the next six weeks at Osborne, if all the arrangements for her majesty's visit to Hyeres had not been completed. It is just as well, says Edmund Yates in the Tribune, that there has been no change in the court plans, for the queen has been much out of spirits since her return to Windsor, and she is looking far from well. She evidently requires a thorough change of scenery and surroundings.

Arab slave dealers in East Africa have an ingenious new plan for hoodwinking the Europeans who are endeavoring to destroy their business. Newly-caught slaves are treated with great indulgence and encouraged in the most dissolute practices until they are gradually convinced that slavery is rather a good thing. Then they are brought down to the coast as porters carrying merchandise, where they represent themselves as free, preferring their pleasant bondage to the unknown and suspected freedom that might be given them by the white men, whom they have been taught to believe guilty of the most horrible cruelties to the blacks.

UNCLE GEORGE'S VISIT.

You would have thought he was the Prince of Wales, or at least a lord or a duke, by the way they treated him.

But he wasn't. There was nothing blue-blooded or princely about him. He was only plain George Lewis, a rough, hardened old miner, who had gone to the Black Hills when he was a boy, and by long years of toil had amassed a fortune.

And now he had come east to enjoy and visit with his fasionable but by no means wealthy relations.

"Mr. Leslie," that gentleman's wife had announced one evening at the dinner table, "my uncle George, whom I have never seen, is coming to visit us within a few weeks, and he says he may stay a month or two, and may conclude to make his home with us if—"

"Make his home with us?" snorted Mr. Leslie, putting down his cup of coffee with a vicious jerk. "Well, I guess not. I don't object to your poor relations coming here once in a while for a few days, but as for one of 'em quartering himself with us for the rest of his natural lifetime it's too much. Haven't I told you—"

"If it's agreeable," went on Mrs. Leslie, calmly resuming at the point where she had been interrupted by her irate spouse, as though nothing had happened.

"And he says that he has made a large fortune and thinks, as he is over 60 years of age and in rather poor health, he wants to enjoy a few years of rest before he dies."

No stage transformation scene was ever half so wonderful as the change that took place on the chubby face of Mr. Leslie. His gray side-whiskers fairly bristled with new-found joy.

But he tried hard to conceal his change of sentiment. That was diplomacy. And one of Mr. Leslie's fondest delusions was that he was a second Machiavelli.

"Well, I guess we can find room for him. How would it do to put him in the front room upstairs? Don't you think it ought to be repapered, Mrs. Leslie?" said her husband.

And, of course, Mrs. Leslie, who had been asking for such an improvement for some weeks, eagerly assented and thanked her stars for more than one reason that her uncle was coming.

"Won't it be splendid to have him here?" said Miss Florence Leslie, a rather tall, stately young woman, whose ideas ran much to society. "Maybe now I'll get that pair of diamond earrings I have been waiting for so long.

"He may be such a horrid old guy we shall all be ashamed of him," suggested slangy Miss Bessie, a year younger than her sister Florence. "Fancy him sitting on our veranda with a big slouch hat and his trousers tucked into his boots when the De Goomleys drive by. How they will laugh at us!"

"Do you think Uncle George would buy me a pair of ponies, mamma?" queried young Robert, who, though but nine years of age, appeared keenly alive to the situation.

Uncle George came. He was a very modest, unassuming gentleman, with a bronzed face and the quiet ways of a man who has been an exile from society for years. And, strange to say, he was rather averse to talking about the family history.

"He's a very modest man, Uncle George is," said Mrs. Leslie, explaining this peculiarity to a neighbor. "But do you know," she said in a mysterious whisper, "he must be very wealthy. I know he must be getting ready to make us some splendid present. For I saw him counting over an enormous roll of bills the other day, as though he were studying what to buy."

Mr. Leslie, too, was likewise eagerly expectant. He had really begun to like Uncle George—at least he thought he did.

And so it went down to the youngest members of the family. Uncle George, it must be owned, fared pretty well.

They even gave a grand party in honor of the newly arrived relation from the west. All their friends were invited. The caterers were given carte blanche. It was really a fine affair.

"We wish to spare no pains to make my uncle feel at home," said Mrs. Leslie to her friend, Mrs. Gordon, that night.

"To make him feel at home," echoed Mr. Leslie. "It is our aim to make his last days as pleasant as possible—you know he is getting old—for he has seen rough times out in the west, and has earned a good rest, I'll warrant."

The fact is this was a trifle hypocritical on the part of Mr. Leslie. Truth was he was beginning to be a little anxious over the fact that Uncle George was not making any lavish expenditures of his vast wealth.

In another part of the house that night there was another interesting little scene. It was behind a huge bank of ferns and palms that the vivacious Miss Bessie was explaining to her betrothed, Frank Jewett, all about the new-found relative.

"You mst be very good to him, Frank," she was saying. "Of course I know he is a horrid looking old fellow, and he dresses like a scarecrow, and he's stupid as a stick and all that—but then he's rich, and we all want to keep on the good side of him. If it wasn't for that we wouldn't have him in the house.

"But papa is going to let him make his home with us, and when he dies he will surely leave us all his money. And I wouldn't be a particle surprised, if we keep in his good graces, if he would furnish our house for us from cellar to garret when you and I are married."

Was that a faint chuckle that came from the other side of the thick bank of ferns and palms?

One morning Uncle George failed to come down to breakfast. This was not an unusual thing, for Mr. Leslie's avuncular relative was in the habit of taking long morning strolls, "jest to brace up my appetite abit," he would explain.

But when he failed to come back to lunch, to dinner—when night arrived and still no Uncle George—Mrs. Leslie began to be alarmed.

"I am afraid something has happened to him," she said to her husband. "He is not very well acquainted in the city. Who knows but he may have been robbed and murdered?"

So Mr. Leslie hunted up the chief of detectives and reported the mysterious disappearance. He described the missing man.

"Was the gentleman's right forefinger missing up to the middle joint?" asked the chief.

"Yes," replied Mr. Leslie, wondering how the chief knew the fact.

"And he had a sort of innocent, rustic, modest air about him?"

"Yes, yes," said the other; "you have found him, then?"

"No," replied the detective, with a quizzical smile, "but I wish I could. Is this his picture?" he asked, pointing to a photograph which he had selected from a large brown book.

"The very man!" exclaimed Mr. Leslie. "Has anything happened to him? How did you come by his picture?"

"The gentlemen has the distinction of having his photograph in the rogues' gallery," was the quiet reply.

"Rogues' gallery!" Why what do you mean, man?" gasped Mr. Leslie. "He is my wife's uncle."

"Can you prove that?" queried the chief.

"Why, yes—that is—well"—stammered the now thoroughly astounded man. New light was thrown on a thousand little circumstances of Uncle George's visit and actions."

"I tell you," continued the detective pityingly. "This man is Louis Rebsteise, one of the sharpest confidence men in the country, who makes a business of this sort of work. He has been missing for some time, and I suppose he has been out west, where he probably met the real Uncle George and learned enough of your family story to play his little game.

"If you search your house, you will probably find that all your silverware, jewelry and money are gone, or at least as much of them as one man can carry away."

The chief's surmise was correct. The choice old family plate, Mrs. Leslie's jewelry and $200 which Mr. Leslie had taken in the day before after banking hours—all were gone; loss $800.

In their place was a little note pinned to one pillow of the bed lately occupied by the departed. It read:

I must be off. Have enjoyed myself hugely. Sorry I can't leave you my vast fortune. No, Bessie, I'm afraid I won't furnish your house from cellar to garret this year, if you did try to keep on the good side of your horrid-looking old Uncle George.

PASTOR WAS WAKEFUL

An Able Young Minister of Rhode Island.

How He Was Able to Enjoy Sound, Refreshing Sleep.

One of the Many Thoughtless Sinners Against Laws of Labor and Rest.

The popular young pastor of the First Day Advent denomination of Ashaway, R. I., is Rev. C. J. Budlong.

Thoughtless sinner against the laws of labor and rest, he suffered from insomnia.

Rev. C. J. Budlong.

And the man who has insomnia, be he pastor or layman, is to be pitied. He goes to bed feeling weary, and as if sleep would very quickly overtake him; but he is disappointed, for he obtains but an hour or two of disturbed slumber, which is generally broken by unpleasant dreams. During the remainder of the night he tosses restlessly from side to side of the bed, his mind either occupied by the thoughts which have occurred to him through the day, or else filled with the most preposterous ideas. He rises unrefreshed and ill prepared for either mental or physical exertion.

He is in the first stage of breaking down.

There are thousands in this dangerous condition to-day, unmindful of the fact that thousands of others, sufferers in the same way, have been made well by that great remedy for all forms of nervous disease, Paine's celery compound.

Said Mr. Budlong recently:

"Gladly do I improve the occasion to speak a few words in praise of the very excellent remedy, Paine's celery compound. For several years I was a great sufferer from nervous exhaustion and insomnia, superinduced by a too close attention to my books and study.

"While pastor of the Christian church at Three Oaks, Mich., an elderly friend, knowing my condition, recommended me to try the remedy. I did so, and the first night thereafter was able to enjoy sound, refreshing sleep. I continued to use the compound for three months, at the expiration of which time I was entirely cured, and have remained since that time in perfect health.

"Will cheerfully answer any letters that come to me relative to these statements."

Mr. Budlong is a very effective speaker. He is a regular contributor to some of the most widely read journals of the day, and is also an energetic temperance worker. He belongs to the Y. M. C. A., the order of the Silver Cross, and other societies of a moral and religious nature.

His experience is like that of thousands of others who have taken Paine's celery compound. It made him well!

It is a scientific, common-sense remedy that cures disease. It is the result of the life's study and experience of one of the ablest physicians of his day, Prof. Edward E. Phelps, M. D., LL. D., of Dartmouth College.

It is not a patent medicine; it is not a sarsaparilla; it is not a bitters or mere tonic; it is not an ordinary nervine—it is as far beyond them all as the diamond is superior to the cheap glass. Try it and be convinced.

Regular Meeting of the Police Commissioners.

Doville Very Anxious to Hold Down His Seat—The Routine Business—Mr. Potter Makes an Explanation.

The board of police commissioners met in regular session last evening. All members were present. Mr. Doville, commissioner-elect, was on hand and ready to take his seat. His extreme anxiety to serve the city caused him to be about two weeks too previous.

Health Officer Fisher submitted his monthly report. It showed the mortality of the month to be 94, against 103 for February and 135 for March of 1891. Of this five died of diphtheria, three of membraneous croup, two of whooping cough, 12 of consumption and two of dropsy.

He stated that complaint had been made of the low and irregular temperature of the various rooms of the public schools, and that children had contracted severe colds on account of the rooms not being properly heated. Officers were detailed to visit every school room in the city, parochial and all, and take the temperature of each one. This was done, and it was found that the temperature ranged between 68 and 72. It was also learned that Superintendent Compton had instructed the teachers to dismiss school when the temperature fell below 65, which had been done on several occasions during the month.

Chief of Police O'Dwyer submitted his report. During the month 210 arrests were made in city cases and 64 in state cases.

The finance committee reported a schedule of bills approved amounting to $365.85; also a bill for the construction of a sewer under the patrol barn amounting to $115.70. The police pay roll, amounting to $5,977.30, health department $1,761.60 and police court $719.14 were reported and ordered paid.

Special police power was granted Joseph Cosgray as watchman for the Wheeling & Lake Erie Railroad company at Ironville.

Charges were filed against officer Chas. Herrman by Sergeant Conway for neglect of duty April 1; that of being absent from his post on Cherry street and spending the time in a saloon near by. Herrman was up before the board at the last meeting and was fined $25 for a similar offense. He will most likely walk the plank this trip.

Mr. Kruse expressed his regret that it was his last meeting with the board, and thanked the members for courtesies extended during his term of office. The board in return voted Mr. Kruse its best wishes and extended him a hearty invitation to call often and stay late.

Mr. Waring, on recognition from the chair, demanded an explanation. One of the members present was rigged out in his best bib and tucker, and the board would like to know the whereofness of it. The other members arose simultaneously and began to explain why he was dressed in his best suit of clothes. Finally Mr. Potter's flute-like voice was heard above the rest apologizing for the seemingly unwarranted breach of regulations, but he was invited out to a wedding and if excused this time it would not occur again.

NEW PRICE CARD.

Wire Nails Are to Cost More Money.

Cleveland, April 7.—An important meeting of the wire nail manufacturers of the United States was held at the Weddell house yesterday. The attendance was very large, and the session lasted during the entire day.

Mr. John F. Rust, of Cleveland, presided, and Mr. H. S. Chisholm, of this city, officiated as secretary. The wire nail business was stated to be in good condition in all parts of the country. The most important business transacted was the adoption of a new price card, which will take effect on April 11.

The new card harmonizes a few inequalities which have hitherto existed in prices.

The following firms were represented: The H. P. Nail company, of Cleveland; Salem Wire Nail company, Findlay Wire Nail company, Baackes Wire Nail company, American Wire Nail company, of Cleveland; Hazen Wire Nail company, New Castle Wire Nail company, Braddock Wire Nail company, St. Louis Wire Nail company, Lambert Wire Nail company, and Carnegie, Phipps & Co., of Pittsburg.

AT THE OLD LADIES' HOME

Nineteenth Annual Meeting Held Yesterday.

Reports of Officers Show the Home in Need—Election of Boards and Officers for 1892-3.

At the Old Ladies' Home, on Collingwood avenue, yesterday afternoon occurred the nineteenth annual meeting and the election of the board of managers, who are carrying on the work of this noble institution. As will be seen by the names below, there is little change in the management for 1892-3, which is well. All Toledoans recognize the devotion and efficiency of the ladies who have given so much time to this noble charity, and will be glad to learn they are ready to courageously undertake the work for another year, although, as the reports show, the last year has been a hard one and the Home is in great need.

The meeting was called to order by Rev. Dr. Wm. W. Willliams, who presided, Miss Marie Louise Pomeroy acting as secretary. Dr. Williams gave a brief reading from the Scriptures, and called on Rev. S. G. Anderson, who offered an appropriate prayer. The report of the secretary for the year ending April 1, 1892, was then read by Miss Pomeroy, who has filled that office most acceptably for the past year. The following was Miss Pomeroy's introduction:

"As it is impossible to be original in an annual report, a plain statement of facts will perhaps be the most interesting to those interested, and the most important item is that

"Our Treasury Is Empty.

"An impression seems to have entered the minds of some in the community that the Old Ladies' Home is a rich institution and needs no help from the public. Let me, if possible, convince you of the contrary. Had our good friend, Mr. Finlay, lived a little longer he would undoubtedly have finished the work which he began so generously. But he was taken away before his plans were matured, and the board was obliged to incur a debt of $7,000 for the completion of the building now occupied by the Home, and for the last three years they have been paying a heavy interest.

"It is believed the finances are managed as economically as possible, but a family of 38, many of them feeble and very aged, need good care and nourishing food, all of which requires money, and with the most skillful handling of our income it has not been adequate to the demands upon it. Hence

"Our Empty Treasury.

"The ladies of the board are now soliciting subscriptions, and it is earnestly hoped that they will be received cordially and generously, as the cause demands."

Miss Pomeroy then reviewed the work of the Home for the year, and dwelt especially upon the havoc wrought by grip about the New Year, when at one time the matron of the home, the nurse, the cook and more than a dozen inmates were very ill. The deaths of the year were: Miss Emily Brown, May, 1891; Mrs. Elizabeth Brown, November, 1891; Miss Irene Tracy, "Grandma" Cornwell, Mrs. Rebecca Sanford, all in the first week of 1892.

Mrs. Slater, so long matron, has been incapacitated by grip, and is now an inmate of the Home. Her successor as matron is Mrs. Elizabeth Brown. Miss Pomeroy's report closed by returning thanks, on behalf of the board, to Drs. Chapman and Tracy, for their professional care of the inmates; to the Young People's Society of Christian Endeavor for conducting Sunday services; to those who contributed to the annual donation; to all kind friends who have aided in the work; to Mr. Waite and Mr. Walker, who always stand ready with advice and help, and to the entire advisory board; to the clergy for their ministrations, and to the press of the city for gratuitous notices.

Treasurer's Report.

The report of Mrs. W. T. Walker, treasurer, shows the receipts of the institution to have been, for the year ending April 1, 1892, as follows:

Annual membership fees.......$	57.00
Life inmates..................	200.00
Dividend from Finlay stock....	582.00
Rent of old Home collected....	135.25
Board of inmates..............	911.50
Donations in cash.............	346.26
Total.........................	$2,232.01

The expenses of the institution have been $3,297, of which $974.30 has been paid out in salaries. The total amount of funds on deposit is only $181.02, scarcely enough to carry the institution through the current month.

It is felt that these figures, presented to the public, sufficiently show the need the Home is in of assistance. The expenditures for the last year were nearly one-third more than the income, and yet its affairs were as economically administered as possible. The dividend from the Finlay stock was received last September. There has been none declared this year, and none is expected.

Mrs. Richard Waite, for the committee on admission, reported there had been 27 applications during the year, and eight new inmates had been admitted to the Home. In a number of cases the applications rejected were for old ladies outside this county. The charter of the institution confines the board to accepting only Lucas county applications.

The New Boards.

The following board of managers for 1892-3 was elected: Mesdames Robert Cummings, Richard Waite, N. H. Swayne, Miss M. L. Pomeroy, Mesdames W. T. Walker, J. H. Doyle, H. J. Hayes, John Sinclair, Birchard Hayes, J. T. Worthington, J. B. Bell, S. Z. Foster, S. C. Reynolds, S. H. Waring, Geo. Pike, A. Wheelock, E. T. Waite, F. J. Reynolds, A. W. Scott, John Waite, Ferdinand Welch, L. Reed, W. W. Ainsworth, Mrs. James Rogers. All of these served last year except the six last named.

The advisory board chosen is the same as last year's excepting Messrs. C. L. Young and O. C. Smith, who have removed from the city, and I. N. Reed, deceased. As constituted the following gentlemen are the advisory board: Messrs. H. S. Walbridge, John Cummings, Richard Waite, C. A. King, Wm. A. Scott, W. T. Walker, Fred Reynolds, Henry Tracy, J. N. Drummond, W. H. Gosline, Milton Taylor, C. H. Buck, N. H. Swayne, S. C. Schenck, N. B. Bacon.

Remarks by Visitors.

Appropriate remarks upon the institution, purpose and work of the Home were made by Revs. Wm. W. Williams, S. G. Anderson, Chas. Scadding, D. M. Fisk.

Mr. Robert Cummings also spoke briefly of the needs of the Home. He said that no revenue could be expected from the Finlay estate for six months, and perhaps not for a year. The Home has absolutely no source of income at present, and no available funds, and it must depend absolutely on the generosity of the public, for a time. For this reason it was hoped there would be liberal response to the appeals for aid the ladies of the board were about to make. He also hoped it would be possible to find a purchaser for the old property of the Home. It should sell for enough to liquidate this debt of $7,000, and when that was done, the institution would be in much better shape.

Officers Elected.

The new board met this morning at the Home, and elected officers for the current year, the election resulting in the choice of the same officers who served so ably last year:

Mrs. Robert Cummings, president; Mrs. Richard Waite, vice president; Mrs. N. H. Swayne, corresponding secretary; Miss M. L. Pomeroy, recording secretary; Mrs. W. T. Walker, treasurer.

Drs. Tracy and Chapman were continued as the physicians for the home.

OLD SAWS IN RHYME.

Actions speak louder than words ever do;
You can't eat your cake and hold on to it too.

When the cat is away then the little mice play;
Where there is a will there is always a way.

One's deep in the mud as the other in mire;
Don't jump from the frying pan into the fire.

There's no use crying over milk that is spilt;
No accuser is needed by conscience of guilt.

There must be some fire wherever is smoke;
The pitcher goes oft to the well till it's broke.

By rogues falling out honest men get their due;
Whoever it fits, he must put on the shoe.

All work and no play will make Jack a dull boy;
A thing of much beauty is ever a joy.

A half-loaf is better than no bread at all;
And pride always goeth before a sad fall.

Fast bind and fast find, have two strings to your bow;
Contentment is better than riches, we know.

The devil finds work for hands idle to do;
A miss is as good as a mile is to you.

You speak of the devil, he's sure to appear;
You can't make a silk purse from out of sow's ear.

A man by his company always is known;
Who lives in a glass house should not throw a stone.

When the blind leads the blind both will fall in the ditch;
It's better born lucky than being born rich.

Little pitchers have big ears; burnt child dreads the fire;
Though speaking the truth, no one credits a liar.

Speech may be silver, but silence is gold;
There's never a fool like the fool who is old.

IN THE SPORTING WORLD

The Coming Sullivan-Corbett Contest.

John L. Must Forfeit Twenty-five Hundred Dollars if He Fails to be in the Ring Sept. 7.

New York, April 7.—Charley Johnston, one of John L. Sullivan's backers, was much perturbed yesterday over the report that Wakely, on behalf of Sullivan, had signed the articles of agreement sent out by the Olympic club of New Orleans, whereby Sullivan's backers would forfeit $2,500 if he was not in the club's ring on September 7 next.

He said he hardly thought that Wakely had signed such articles. It would be ridiculous to sign articles whereby they would forfeit $2,500 if Sullivan was not in the ring at the time specified. He thought the side bet of $10,000 was a sufficient guarantee, as they lost that if John did not appear.

If, however, Wakely had signed the articles, they would stand. He was certain that the $2,500 was not up yet, at any rate. He thought there was plenty of time between now and September to sign club articles, as some other club, in the meantime, might offer more than $25,000 for the fight.

DANGER AHEAD!

A Sea Escape with a Shore Moral.

A Steamship was lately saved from disaster by the alertness of the lookout and the quick action to remedy the evil in time.

So it is with disease. The little symptoms indicate danger ahead. Clerks find themselves thin, pale, and losing their former strength and steady nerve! Mechanics lose time from their work, suffering from malaria, kidney or liver disease, stomach or nerve trouble! Business men wake tired, languid after sleepless nights, with dull head, unsteady nerves, brain and nervous system in weak and irritable condition! Women are weak, tired and dragged out, with shattered nerves and exhausted vitality. All of us suffer more or less from the weakness and prostration of Spring Debility. The Grip also has left in its train more nervous weakness and physical prostration than any other known epidemic. THERE IS DANGER AHEAD!

All these cases are curable if taken in time. Use Dr. Greene's Nervura, the great nerve, stomach and blood remedy, and restore your health and avert danger. It has saved the lives of more sufferers than any other remedy, AND WILL SAVE YOUR HEALTH AND LIFE IF YOU USE IT NOW. It is the best of all spring medicines, and should be taken now if you are at all weak, tired, run down or nervous, or have never regained your health and strength after having the Grip. Purely vegetable and harmless. Druggists sell it, $1.

"My wife was cured of nervousness and liver and kidney troubles by Dr. Greene's Nervura. She was under the care of four doctors before she got Dr. Greene's Nervura, and she experienced more benefit from one bottle than from all the doctors together.

It can be given in a cup of coffee or tea, or in food, without the knowledge of the patient. It is absolutely harmless, and will effect a permanent and speedy cure, whether the patient is a moderate drinker or an alcoholic wreck. It has been given in thousands of cases, and in every instance a perfect cure has followed. It never Fails. DO YOU WANT GOLD?
Cripple Creek is not a health resort. It is a wealth resort. Quite a difference! Location, near Pike's Peak, in Colorado. Gold—bright, yellow gold, is found at grass roots and in the rock formation.
Reliable experts claim this is to-day the richest camp in Colorado. Assays average $100 per ton, and have run as high as $5,000. One hundred people a day are now rushing to Fremont, chief town of the district.
The chance of a life-time is worth looking after!
You can get there quickly and comfortably by taking Santa Fe Route. Only line with no change of cars from Chicago. Kansas City and other principal cities to Florissant, nearest railroad station, with daily stages to Fremont.

IN TRADING CIRCLES.

Both at Our Home and Abroad.

Wheat Quotations for the Day—Prices Currents for Produce and Other Articles.

Receipts of wheat to-day at Minneapolis and Duluth are 292,268 bu., and from five other points 88,230 bu. The export clearances yesterday at four Atlantic ports were very light. Wheat, 41,519 bu., and flour to an aggregate of 140,000 bu. Exports of corn were 153,272 bu., and of oats 10,230 bu.

English markets as reported herein are quiet and steady for wheat, and a shade better for corn.

The markets to-day.

Wheat started strong this morning, especially at Chicago, and made a good advance, when the short selling plungers blandly ingormed the trade that they would not permit the markets to advance until they had declined so that they could recover their short sales. Chicago can stand a good deal, but she cannot afford such and element in her deal. The advance was checked. There is a widespread feeling in favor of better markets, and if it continues, the few millions of these short sellers can be absorbed daily, and the sellers find themselves on their heads. So mote it be. Foreign markets are about steady without new features.

Wheat and corn markets in this country closed quite strong.

I nNew York May and July closed 3-4c higher. May corn 5-8c and July 3-8c higher. May oats 1-8c higher.

In Chicago May wheat closed 1 3-8c, and July 3-4c up. May and July corn 1-2c and May oats 1-4c up.

In Toledo.—There has been a good business reported in wheat futures, and a firm market, especially for May, the premium on which, over July, increased 3-8c to 6 7-8c. On the call May sold at 90 1-2c. After the call May commenced at 91c, and with unimportant fluctuations closed at 90 5-8c, a gain of 7-8c. June sold at 89c to 88 3-4c and closed at 83 3-4, a gain of 1-2c. August sold at 82 3-8c to 83 3-8c and closed at 83c, a gain of 5-8c.

Cash wheat was firm. No. 2 soft sold by car lots at May price and ashade over, say at 90 3-4c to 91c, a gain of 1c. Round lots of ten to twenty thousand bushels are held higher. No other grades sold.

Corn—No. 2 at 40c, No. 3 at 39 1-2c, No. 4 at 37 1-2c.

Clover seed was on a tear. The demand was very large and could not all be supplied, and at the rate it is going out our stock will be exhausted. Prices advanced 35c bu. Prime for cash at $7 00 to $7 10; old No. 2 at $6 00.

New York, April 7.—Money easy at 1 1-2@2 per cent. Exchange steady; posted rates, 487@488 1-4; actual rates, 486@486 1-4 for 60 days and 487 1-2@487 3-4 for demand.

Governments steady; currency 6s, 109 bid; 4s coupon, 116 bid; extended 2s, registered, 10½ bid.

The stock market opened strong and 1-8@3-4 per cent. higher. After the first few sales prices fell off fractionally. New England was especially weak and declined 1 1-2 per cent. The strong features were national cordage and sugar, each of which advanced 1 per cent. After the first call prices hardened again and the early decline was recovered in most cases. In the hour to noon prices steadily advanced, some stocks making sharp gains. Delaware & Hudson led with an advance from 146 1-2@149. At this writing the market is less active but steady. Sales to noon 207,000 shares.

VOICE OF THE PEOPLE.

The Late Walt Whitman.

To the Editor: This morning's Commercial has an editorial note commenting upon remarks of Col. Ingersoll, made at the grave of the American poet, Walt Whitman. Though this correspondent cannot so conventionally do away with the idea of fire and brimstone for sinners as the eloquent colonel (much as I would desire to abolish such a hot-bed), nevertheless it is but justice to the dead and to the funeral orator to say that too much good was not said at that tomb. Walt Whitman would have had for his funeral orator John Boyle O'Reilly had the latter been spared to pay the tribute to his bosom friend. Now your correspondent can prove what he states. O'Reilly, who was famous as an editor and orator, was no less distinguished as a poet and critic. His words, spoken 10 years ago upon Whitman's birthday, were but re-echoed by Ingersoll. Whitman was always the friend of the Irish exile, and his purse strings were never tied when Irishmen or the cause of their country needed aid. Now that he has left us we are pleased and proud that honor has been paid him. "The grand, good gray poet" is no more, but his name and good works live after him.

Wasting Away?

And yet scores of people are gaining flesh, weight, and strength, not by any old-fangled treatment, but by using a most successful Petroleum preparation.

Our best physicians unqualifiedly indorse it. Although tasteless, it retains all the curative properties of the crude oil. In

Wasting Diseases

it puts heart into the patient, flesh on the bones, and renders life worth living. In

Consumption

it checks the disease in the primary stages, and soothes the distressing symptoms of the advanced stages. New England physicians say it is doing really more than could be expected of a medicine. We are speaking of

DOCTORS FRANCE AND OTTMAN,

Formerly of New York, now the Celebrated Examining Physicians of THE FRANCE MEDICAL AND SURGICAL INSTITUTE, Columbus, Ohio, by request of many friends and patients, have decided to visit Toledo

Dr. France, Wednesday, April 13.
Dr. Ottman, Saturday, April 23.

Consultation and Examination Free and Strictly Confidential in the Private Parlor of the Burnett House from 10 a. m. to 9 p. m., one day only.

The doctors describe the different diseases better than the sick can themselves. It is a wonderful gift for any one to possess. Their diagnostic powers have created wonders throughout the country.

The France Medical and Surgical Institute of Columbus, Ohio, is the only Medical Institute in the State Incorporated with a Capital of $300,000.00.

FRANCE MEDICAL AND SURGICAL INSTITUTE,

38 & 40 W. Gay St., one block N. of State House, Columbus, O. Incorporated, 1886. Capital, $300,000.

DRS. FRANCE AND OTTMAN, of New York, the well known and successful Specialists in Chronic Diseases and Diseases of the Eye and Ear, on account of their large practice in Ohio, have established the FRANCE MEDICAL INSTITUTE, where all forms of Chronic, Nervous and Private Diseases will be successfully treated on the most Scientific principles. They are ably assisted by a full corps of eminent Physicians and Surgeons, each one being a well known specialist in his profession.

CANCER positively cured without pain or use of the knife, by a new method.

IMPORTANT TO LADIES.—DR. FRANCE, after years of experience, has discovered the greatest cure known for all diseases peculiar to the sex. Female diseases positively cured by the new remedy, OLIVE BLOSSOM. The cure is effected by home treatment. Entirely harmless and easily applied. Consultation Free and Strictly Confidential. Correspondence promptly answered.

YOUNG MEN—Who have become victims of solitary vice, that dreadful and destructive habit, which annually sweeps to an untimely grave thousands of young men of exalted talent and brilliant intellect, may call with confidence.

DRS. FRANCE AND OTTMAN, after years of experience, have discovered the greatest cure known for weakness in the back and limbs, involuntary discharges, impotency, general debility, nervousness, languor, confusion of ideas, palpitation of the heart, timidity, trembling, dimness of sight, or giddiness, diseases of the head, throat, nose, or skin, affections of the liver, lungs, stomach, or bowels—those terrible disorders arising from the solitary vice of youth—and secret practices, blighting their most radiant hopes or anticipations, rendering marriage impossible. Take one candid thought before it is too late. A week or month may place your case beyond the reach of hope. Our method of treatment will speedily and permanently cure the most obstinate case, and absolutely restore perfect manhood.

TO MIDDLE-AGED MEN.—There are many from the age of 30 to 60 who are troubled with frequent evacuations of the bladder, often accompanied by a slight burning or smarting sensation, weakening the system in a manner the patient cannot account for. On examination of the urinary deposits, a ropy sediment will be found, or the color will be a thin or milkish hue. There are many men who die of this difficulty, ignorant of the cause, which is a second stage of seminal weakness. We will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.

DISEASES OF WOMEN.—We have a special department, thoroughly organized, and devoted exclusively to the treatment of diseases of women. Every case consulting our specialists, whether by letter or in person, is given the most careful and considerate attention. Important cases (and we get few which have not baffled the skill of all the home physicians) have the benefit of a full council of skilled specialists. In treatment of diseases peculiar to females, [illegible] has been marked, over two-thirds of [illegible] ladies, old, young, married, [illegible]. Our method is entirely free from objectionable features of the general practitioner, namely, "Local treatment." We seldom find it necessary. We prepare remedies, constitutional and local, as the case demands, and instruct ladies how to treat themselves.

MARRIAGE.—Married persons, or young men contemplating marriage, aware of physical weakness, loss of procreative powers, impotency, or any other disqualification, speedily restored.

PRIVATE DISEASES.—Blood Poison, Venereal Taint, Gleet, Stricture, Seminal Emissions, Loss of Sexual Power, Weakness of Sexual Organs, Want of Desire in Male or Female, whether from imprudent habits of youth or sexual habits of mature years, or any cause that debilitates the sexual functions, speedily and permanently cured. Consultation free and strictly confidential. Absolute cures guaranteed. Medicines sent free from observation to all parts of the United States.

EPILEPSY, OR FITS—Positively cured by a new and never-failing method. Testimonials furnished.

FREE EXAMINATION OF THE URINE.—Each person applying for medical treatment should send or bring from 2 to 4 ounces of urine (that passed first in the morning preferred), which will receive a careful chemical and microscopical examination, and if requested a written analysis will be given.

Persons ruined in health by unlearned pretenders, who keep trifling with them month after month, giving poisonous and injurious compounds, should apply immediately. Delays are dangerous.

WONDERFUL CURES Perfected in old cases which have been neglected or unskillfully treated. No experiments or failures. Parties treated by mail or express, but where possible, personal consultation is preferred. Curable cases guaranteed. No risks incurred.

☞ Cases and correspondence confidential. Treatment sent C. O. D. to any part of U. S. List of 130 questions free. Address, with postage, DR. FRANCE, Nos. 38 and 40 W. Gay St., Columbus, O.

Who Is the Most Popular Lady in the Land?

We are not prepared to state who is the most popular lady in the land, but to sum up the varied expressions of admiration of the hundreds who visited OUR SPRING OPENING, Wednesday, we would say that the most popular MISS is—

MIS-FIT.

"Candidly now," as one gentleman remarked to his companion, "did you ever see such a variety and blending of colors?" "I am a tailor myself and can truthfully say, that I never saw such workmanship."

Another remarked:

"I bought one of their CUSTOM MADE SUITS last week and paid less than they asked me at a readymade clothing store for a hand-me-down suit."

After this strain were the remarks of many. Those who have seen our display will ask our prices, at least, before buying. To those who have not seen our establishment we would say—Gentlemen! Consult your pocketbook. Why should you pay a custom tailor $30, $40 or $50 for a suit (?) when we can fit you with the same grade of

CUSTOM-MADE CLOTHING

For $12, $18 and $22.

☞Call and see us. If we cannot convince you, do not buy.
